EVOLUTION

Our shavings are sterilized at 200°F and separated multiple times to provide an absorbent, clean, and virtually dust free bedding that you can trust. Each shaving is micro-misted with the patented protection of the N4Life fully monographed all natural formula. N4Life veterinary approved blends can help protect your horse from bacteria, mold and fungi. And it smells great too!

Fuzed-Gold wood shavings are sustainable, reclaimed and solves the environmental crisis of equine stall residual waste.
